

Government Backed Trailblazer Apprenticeship

SUITABLE FOR

Operatives who look to gain an in-depth understanding of installing RBM, Single-Ply and Liquid Systems

DURATION

12 - 18 months

LOCATION

Advance TECC in Leytonstone, London
On-site assessment

- Any project in the UK
- Minimal disruption; assessing typical work activity

FUNDING AVAILABLE

Yes

Government-backed funding and additional funding for CITB registered companies

COURSE OUTLINE

On completion of the course the individual will receive a recognised 'Waterproof Membranes Installer' qualification.

The course will cover:

- Carry out a range of job tasks including measuring, marking out, fitting, finishing, positioning and securing
- Clean, dry and prepare surfaces for the specified system
- Install vapour control layers to prevent vapour coming through the building to protect insulation
- Install mechanically fixed and/or adhered insulation as required by the given specification
- Install reinforced bituminous membrane (RBM), single-ply and liquid applied waterproofing systems
- Terminate waterproofing systems at the perimeter upstands and/or open edges to the given specification
- Maintain and repair flat and/or pitched roofs (in excess of 10 degrees)
- Install perimeter details (edge trims, counter flashings termination bars)
- Work around outlets, pipes, soil and vent fittings, safety systems and rooflights

ON COMPLETION

Waterproof Membranes Installer qualification

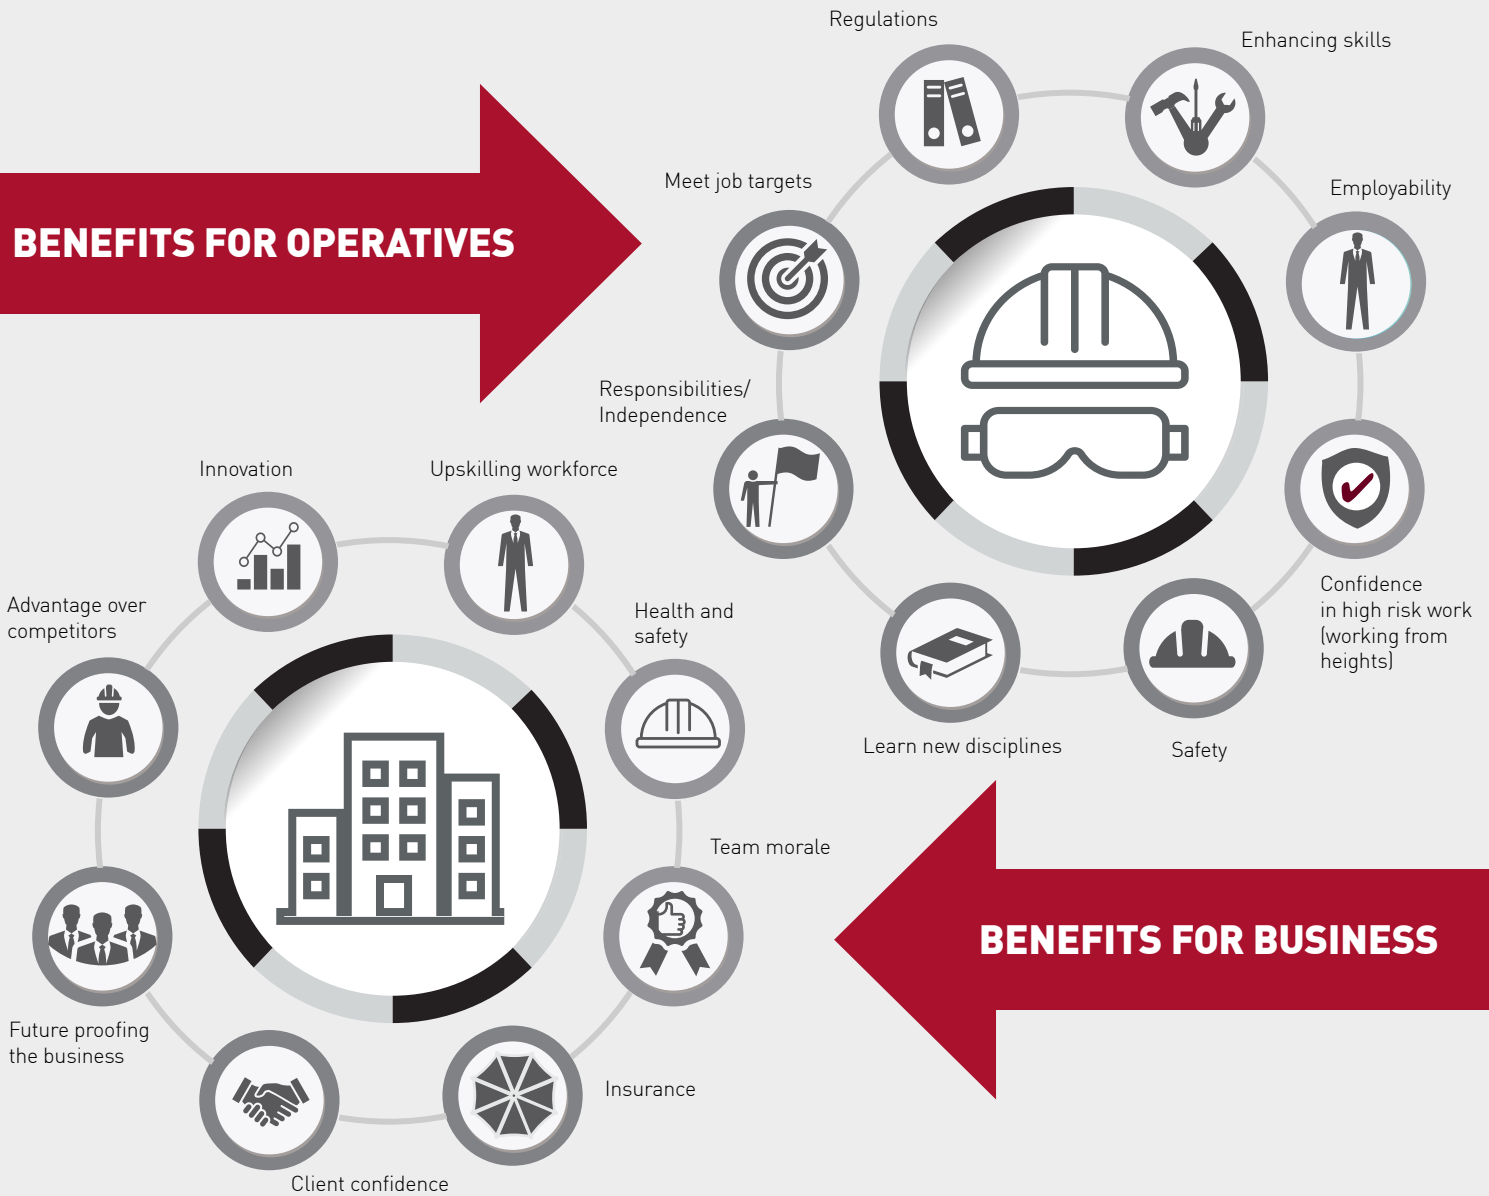

COURSE REQUIREMENTS

- As the assessment is completed on site the individual will need to be in full time employment or carrying out work experience
- Previous roofing knowledge is recommended
- There is no age limit (though additional support is available for apprentices between 16 and 18 years of age)

CONSTRUCTION TRAINING

BENEFITS FOR OPERATIVES

OPERATIVE TO DIRECTOR

We have developed in excess of 40 construction training courses. Some courses address initial entry level qualifications, such as installing a particular roofing discipline. With further opportunity and access to developing managerial skills in certain areas of the business, tailoring qualifications such as Head Office operations or Site Management. The extensive offering allows for individuals to set off on a progressive career path in construction.
